

The health and safety of our guests, our staff, our community, and our state, remains our top priority. With the evolving coronavirus, here's what we are doing to help.

Closely monitoring the situation and taking action. We are actively following the updates from the Centers for Disease Control and Prevention (CDC) and local health officials. As developments occur, we are taking necessary action to help protect our guests and community.

Providing safe and clean environments. Our team is working diligently to ensure the highest levels of hygiene and cleanliness with enhanced routine cleaning in preparation and more proactive and preventative measures in place. We have increased the cleaning of restrooms and public areas. Our team is all vaccinated and focused on sanitizing frequently touched items throughout the day and are required to wear masks and to wash their hands and use sanitizer frequently. Hand Sanitizer is also available to all of our guests. Masks are encouraged for our guests but not mandatory.

Social distancing guidelines. We are only serving on our historic covered and heated patio. Seating will comply with social distancing guidelines

Supporting our guests. We continue to strive to do our best for our guests and will take all care and safety precautions to help you feel comfortable and safe.
